

CAON TALLEY SHEET

TALLY SHEET:ORANGE COUNTY NORTHEASTERN CHRISTMAS BIRD COUNT Revised,10/07

AREA NO. _____ AREA LEADER _____

This tally sheet lists the species to be expected in the count circle. ALL CAPITALS have been used for the most common species. Please write the total number of individuals of each species in the box at the end of the line.

There is space at the end of the sheet to list birds found that are not on the tally sheet. Any bird not on the original sheet, or any species marked DS (Describe Sighting) REQUIRES A FULL,WRITTEN RARE BIRD DESCRIPTION.

Use the "CBC Rare Bird Documentation Form" to record your observations. Unusual birds submitted without descriptions will be eliminated from the count. PLEASE PROVIDE DESCRIPTIONS WITHOUT BEING ASKED. For birds marked SL (State Location), write at the bottom of the page or end of this tally sheet exactly where and in what habitat the bird was found.

If you identify an uncommon race or subspecies that is not listed, consider it a "DS" bird and provide documentation.

Exotic species should be counted as well, and any not on this list should be considered "DS"

Egyptian Goose (Exotic)		VULTURE, TURKEY	
Goose, Greater White-fronted (SL)		Osprey	
Goose, Snow (SL)		Kite, White-tailed	
GOOSE, CANADA		HARRIER, NORTHERN	
Duck, Wood		Hawk, Sharp-Shinned	
Duck, Mandarin (Exotic)		Hawk, Cooper's

Sapsucker, Red-naped (SL)		WRENTIT	
Sapsucker, Red-breasted		MOCKINGBIRD, NORTHERN	
sapsucker sp.		THRASHER, CALIFORNIA	
WOODPECKER, NUTTALL'S		STARLING, EUROPEAN	
Woodpecker, Downy			
FLICKER, N. (RED-SHAFTED)		PIPIT, AMERICAN	
Flycatcher, Hammond's (DS)		WAXWING, CEDAR	
Flycatcher, Gray (DS)		Phainopepla	
Flycatcher, Pacific-slope (DS)		WARBLER, ORANGE-CROWNED	
Flycatcher, "Western" (DS)		Warbler, Nashville (SL)	
empidonax sp. (DS)		Warbler, Yellow (SL)	
PHOEBE, BLACK		WARBLER, YELLOW-RUMPED (AUDUBON'S)	
Phoebe, Eastern (DS)		Warbler, Yellow-rumped (Myrtle)	
PHOEBE, SAY'S		Warbler, Black-throated Gray	
Kingbird, Cassin's		Warbler, Townsend's	

Observers and Counters: PLEASE PROVIDE THE FOLLOWING INFORMATION ON TIME AND MILES

In the table below, list each party and break out their time and miles.

AREA Leader...transfer this information to your Area Leader's Report Form

Start Time and End Time: List when each party started and ended

Party-hours and miles: This is very important because much research is based on these statistics.

A "Party" is any group of people birding together, or even one person birding alone. If the same group is together all morning, eats lunch, then stays together all afternoon, that's one party. But, if the same people are together all morning, then after lunch they split up into 2 groups they become two new parties. In that case they had a total of 3 parties that day (one in the morning and two in the afternoon).

It does NOT matter how many people are in each party. All of the CBC statistics are based on "parties", not "people".

Base the decision of "how many parties" on the makeup of each group. When people shift around it becomes a different party

					daytime hours only		
					Hours	Hours	Hours
	Start time	End Time	night hrs	Daytime hours	By foot	by Car*	by Boat
Party 1							
Party 2							
Party 3							
Party 4							

"Night" is before 6:30 AM
or after 5:30 PM
Keep nighttime activities
(owling & raiing) separate
from daytime.

					daytime miles only
