

TALLY SHEET: Orange County Northeastern Christmas Bird Count Revised, 9/11

Area No. _____ Area Leader: _____

1. Use these sheets to record your count data. Insert totals to the right of species name.
2. Record your effort (Time and Mileage) on page 4, up to four parties can be recorded here.
3. Completely fill in any required "Rare Bird Report Forms."
4. Give the completed tally sheet with all required Rare Bird Report Forms to your Area Leader.

(SL): State Location: At the end of the list, provide additional information as requested.

(DS): Describe Sighting: Use the "Rare Bird Report Form" to provide additional information.

Any bird found that is not on this list: (1) enter the species under "ADDITIONAL SPECIES"

AND (2) Use the "Rare Bird Report Form" to provide additional information

Egyptian Goose (Exotic)		VULTURE, TURKEY	
Goose, Greater White-fronted (SL)		Osprey	
Goose, Snow (SL)		Kite, White-tailed	
GOOSE, CANADA		HARRIER, NORTHERN	
Duck, Wood		Hawk, Sharp-shinned	
Duck, Mandarin (Exotic)		Hawk, Cooper's	
Gadwall		Accipiter sp.	
Wigeon, Eurasian (SL) (DS if lone female)		HAWK, RED-SHOULDERED	
WIGEON, AMERICAN		Hawk, Zone-tailed (DS)	
MALLARD		HAWK, RED-TAILED

Blackbird, Tricolored (SL)		Siskin, Pine	
MEADOWLARK, WESTERN		GOLDFINCH, LESSER	
BLACKBIRD, BREWER'S		Goldfinch, Lawrence's (DS)	
Grackle, Great-tailed		GOLDFINCH, AMERICAN	
COWBIRD, BROWN-HEADED		SPARROW, HOUSE	
		Bishop, Red (Exotic)	
		Mannikin, Nutmeg (Exotic)	
ADDITIONAL SPECIES: Must be described in detail; use Rare Bird Report form.			
SL BIRDS: For each bird, specify location so others can find the spot. Also describe the habitat. For birds in flight, give the time of day and direction of travel. Use the back for more space.			

Please provide the following information on Party TIME AND MILES in the table below.

A Party is any group of people birding together, or even one person birding alone. If the same group is together all morning and stays together all afternoon, that's one party. But if the same people are together all morning, then later they split up into 2 groups, they become two new parties. The second case had a total of 3 parties that day (one in the morning and two in the afternoon). It does NOT matter how many people are in each party. All of the CBC statistics are based on "parties", not "people."

Keep it simple. . . Don't make it more difficult than it needs to be.

Start Time and End Time: Enter when each party started and ended.

Party-hours and miles: Estimate how much of your effort was on foot, in a vehicle, or on a boat.

"Night" is before 6:30 AM or after 5:30 PM. Keep nighttime activities (owling & raiing) separate from daytime.

If you took any long breaks (like an hour for lunch), subtract that from your total hours.

	Start time	End time	Night hrs	Daytime Hours	Daytime hours only		
					Hours by Foot	Hours by Car	Hours by Boat
Party 1							
Party 2							
Party 3							
Party 4							

	Night miles	Daytime Miles	Daytime miles only		
			Miles by Foot	Miles by Car	Miles by Boat
Party 1					
Party 2					
Party 3					
Party 4
