**Area #** \_\_\_\_\_ **Area Leader** \_\_\_\_\_

This checklist is not designed for tallying, but to be the final compilation of your group's count. Tally on a separate note pad. At the end of your count, please transfer all birds counted to the appropriate species box. **YOU MUST FILL OUT A COMPLETE DESCRIPTION FOR ALL UNUSUAL BIRDS (BIRDS LISTED IN BOLD FACE OR BIRDS NOT ON THIS LIST).** NO EXCEPTIONS! If you don't, these birds will not be counted! When filling out the rare bird form, be as thorough as possible. The more details included, the more likely your bird will be added to the count. Thanks for your help! **All checklists and rare bird forms need to be sent to the compiler: Justin Shew, Starr Ranch Sanctuary, 100 Bell Canyon Rd, Trabuco Canyon CA 92679.** (jshew@audubon.org; 949-858-3537) Note: Please read and fill out START TIME and PARTY info on page 3 before starting.

**What is a "party"?**

A "party" is any NUMBER of people birding together, or even one person birding alone.  
 Any time the NUMBER of people birding as a group changes, it becomes a new and different party.  
 Two people birding together in the morning is one party. If they split up after lunch, each person becomes a new party and needs to work on a new/clean checklist.  
 Each party needs to fill out their own checklist, so plan accordingly.

**Compilation Party:**

After the count, we meet at Ball Park Pizza. The tally starts at 7:00 p.m. Be there early if you plan to eat. **EVERYONE'S INVITED!**  
Directions: Go east on the Ortega Hwy (#74) from the I-5 Fwy. Ball Park Pizza is located on the SE corner of Ortega Hwy and Rancho Viejo Rd, just east of I-5. The address is: 31654 Rancho Viejo Rd., San Juan Capistrano. (949) 493-6852.
