Note from Vic
All motels in Mammoth are exorbitantly expensive. If you are going to stay in one, you might use the Sierra Lodge. It is easy to find on Main St. and is directly across the side street (Sierra Blvd) from the restaurant where we usually have our Saturday evening group dinner. I haven't stayed there myself but others tell me it is good and as reasonably priced as anything in Mammoth.

If you possibly can, try to get together a group and rent a condo. Condos are much more luxurious and (splitting with four or more people) cheaper than a motel. One complex I have used is Mountainback at Mammoth (760) 934-5000. There are many others.
