Wildflowers of Orange County & the Santa Ana Mountains

by Robert L. Allen & Fred M. Roberts

About the Authors...

Robert L. “Bob” “BugBob” Allen is an entomologist, botanist, instructor, and photographer. Raised in San Juan Capistrano, he studied insects from a very early age. He and Fred attended Marco Forster Junior High School in San Juan Capistrano but never met until they entered Dana Hills High School, where both learned native plants in a natural history class. He attended Saddleback College in Mission Viejo, then California Polytechnic State University, San Luis Obispo. In 1982, Cal Poly awarded him a Bachelor of Science degree in Environmental and Systematic Biology. In 2006, he received his Master of Science degree in Environmental Studies from California State University, Fullerton. At CSUF, he taught entomology and biological illustration. He teaches nature photography, entomology, botany, and pollination classes in classroom and in the field. Bob is a Research Associate at the Rancho Santa Ana Botanic Garden and a Research Associate in Entomology at the Natural History Museum of Los Angeles County. He is now working on a book about California’s pollinating insects. He lives in Mission Viejo with his wife, Linnell, and son, Charles.

Fred M. Roberts, Jr., is a consulting botanist, artist, and author. He grew up in Dana Point, where thousands of acres of undeveloped grasslands and hiking opportunities contributed to a strong interest in natural history. While attending Dana Hills High School he became interested in reptiles, amphibians, birds, and plants. At Saddleback College, botany became his primary interest and he put together his first checklist of Orange County plants which he later published and is now in its third edition. In 1982, he received his Bachelor of Science in Geography with an emphasis on Botany from the University of California, Santa Barbara. From 1982 to 1991 he worked as an assistant curator in the Museum of Systematic Biology, University of California, Irvine. From 1991 to 1999 he worked as a botanist for the U.S. Fish and Wildlife Service before starting his own botanical consulting business. Fred is a Research Associate at the Rancho Santa Ana Botanic Garden. He is currently working on several book projects, including A Flora of Orange County, California. He lives in Oceanside with his wife, Carol, and their two personable cats.
