NATURE DAY CAMPS 2021

Week One: July 12-16 — Advanced Bird Camp for ages 12-15
 Campers will focus on the Riparian Habitat here at the marsh and the birds, plants and animals of this California biome.

Week Two: July 19-23 — Advanced Bird Camp for ages 12-15
 Campers will study the Shorebirds here at the marsh. They will paint a wood model of a bird species from the Marsh.

Week Three: July 26-30 — Intermediate Bird Camp for ages 10-12 (a few openings)
 This camp will cover a variety of Marsh bird groups and their behaviors.

Cost of all camps: $135 Audubon Member. $150 Regular price.

- Camps is held from 8:30 am to 12:30 pm each day. Please be on time.
- Camps will be outside in a shaded “secret garden” off-limits to the public.
- Campers bring their own snacks to enjoy after the daily nature walk.
- Because we are trying hard for a “Trash Free” week, we would like all snacks to be packaged in reusable containers. Campers will be released to eat lunches in their own homes.
- Campers will have a box to keep their personal things in and their camp materials. It is the responsibility of each camper to take the box home each day and bring it back the next day.
- Campers should dress in comfortable, casual clothes with hats, sturdy closed toe walking shoes and refillable water bottles.
- All CDC guidelines will be carefully adhered to by campers and naturalists. All naturalists will be fully Covid-vaccinated! Because guidelines have been changing with time, we will inform you of current requirements before camp.
